"SOLDERABLE FLEXIBLE ADHESIVE INTERPOSER AS FOR AN ELECTRONIC PACKAGE, AND METHOD FOR MAKING SAME"

Examiner Tuan T. Dinh (703-306-5856) called to discuss Application. No. 09/578,583.

Examiner stated that he was ready to allow the case over the art of record including several additional references uncovered in further searching, as follows:

Group I Claims 1-15 will be rejoined with claims 16-36 of Group II, and have been examined. Claims 1-29 and 31-36 are allowable with the following informalities corrected:

Change "a substrate" to "the substrate" in claim 1, 19th line, in view of the recitation of "a substrate" in the preamble thereof..

Change "an electronic device or substrate" to – the electronic device or substrate – in both the last line of amended claim 16 and the 13th line of amended claim 23, in view of the recitation of "an electronic device or substrate" in a previous line therein.

Change claims 32-36 to depend from claim 31.

Claims 30 and 37-51 are to be cancelled.

Applicant (after consultation with Dr. Chung) agreed to the foregoing and to an Examiner's amendment as set forth above to place the Application in condition for allowance.

Examiner again acknowledged Applicant's repeated request that the record be made to reflect the claimed priority of U.S. Provisional Application No. 60/180,544 filed February 7, 2000, and acceptance of the drawing filed 3/20/03.

Examiner agreed to prepare a formal record of the telephone interview.
